Hello,

I wanted to let you know that I have spent a lot of time and money learning ho to trade options properly. It has been a great tool for earning money for my retirement account and my retirement has grown as a result of it.

Trading options is a way for me to reduce my risk by being in the market. When I trade put options it gives me a buffer for a price drop that I would not other wise have.

If you take away my right to trade options you will not be protecting me but rather hurting me.

Thanks you for your time.
